SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now
Facts of Science.

It is the rarest thing in the world for
a man to be necessarily bald. No man
whose hair is not dead at the roots, need
be bald if he will use Newbro's Herpi-
cide, the new scalp antiseptic. Herpi-
cide destroys the germ that cuts the hair
off at the root; and cleans the scalp of
dandruff and leaves it in a perfectly
healthy condition. Mr. Mannett, in the
Maryland Block, Butte, Mont., was en-
tirely bald. In less than a month Herpi-
cide had removed the enemies of hair
growth, and nature did its work by cov-
ering his head with thick hair an inch
long, and in six weeks he had a normal
suit of hair. Sold by leading druggists.

ALICE TO PAY DUTY

Daughter of President to Receive No Favors.

TIDY SUM FOR THE CUSTOMS

Secretary Shaw and Collector of Customs Relieved by a Statement from President Roosevelt—Payment of Duty on Presents Will Cost Big Sum.

Washington D. C. Oct. 17.—Secretary Shaw and the collector of the port at San Francisco have had a load of trouble for several weeks about which the public has known nothing and it was lifted yesterday when the secretary was told by President Roosevelt, to collect the legal duty on all dutiable articles brought back to this country by Miss Alice Roosevelt. The total duty is expected to reach nearly \$60,000.

The daughter of the president has received during her trip to the Philippines, China, Japan and Korea, many pretty and some quite valuable presents. Some of the customs officers suggested that Miss Roosevelt ought to be allowed to bring the valuables in duty free inasmuch as she was treated with all the honors of a princess and did much to cement friendship between the United States and foreign countries. The belongings of crowned heads, or royalty, and of diplomats are those admitted free of duty into the United States. Secretary Shaw received suggestions until he was almost sick. The presents are worth probably \$100,000 and if the usual rate of duty was imposed it would cost Miss Roosevelt or her father upwards of 60 per cent or \$60,000. Neither Miss Roosevelt nor her father is rich, although the young woman is understood to have a modest fortune in her own right.

Finally Secretary Shaw took his burden to the president and told him about it.

"There is only one thing to do," replied the president. "That is to treat my daughter's baggage as you would the baggage of any other private person. She will pay duty on everything that is dutiable."

PLACED UNDER THE BAN

Postoffice Authorities Get After More
Get-Rich-Quick Concerns.

San Francisco, Oct. 17.—The postal authorities have issued a fraud order against D. A. Arnett, A. L. Baker, the Progressive Publishing Company, the I. O. O. F. and the Western Tract society. These are different names of the same concern, with offices in room 305 of the Callaghan building. Arnett and Baker sell money contracts and have duped numerous people by their get-rich-quick propositions.

The two men and their companions are the successors of the Accumulative Credit Company, run by Orlando K. Fitzsimmons of Los Angeles. The Accumulative Credit Company came under the ban of the postal authorities on September 12 of last year, and Fitzsimmons was branded as a fraud on the 10th of October following. Fitzsimmons was convicted of using the mails to defraud and was sentenced to six months in prison. The case is now on appeal, and he is in New York conducting the Western New York Masonic Relief Association of Buffalo.

Arnett was indicted with Fitzsimmons and was fined \$250. He and Baker then came to San Francisco and opened offices in the Callaghan building.

WILL MEASURE CHILDREN

Swiss Railroads Adopt New System for
Dealing With Youngsters.
New York, Oct. 17.—The Swiss railroad booking clerks have just been provided with machines for measuring the height of children traveling over their roads, and have been told that all children over three feet tall must pay full fare, says the Times.

In the summer time Switzerland is full of Americans who are often accompanied by tall children who never appear to be over ten years of age. Ten years is the Swiss limit for half fare. This has led to so many heated arguments in German and English that the government has decided to introduce the measure system.

CIGARETTES MUST GO

Seattle Fire Chief Prohibits Their Use
by Members of the Department.

Seattle, Oct. 17.—Cigarette smokers in the fire department must quit the practice or turn in their resignation. That is the ultimatum delivered by Fire Chief Cook. The order was issued and

went into effect several days ago, but was not given to the public until today. For the last few days the absence of the ill smelling cigarette smoke about the various engine houses in the city has been noticeable. Firemen killing time lounging in chairs at the front of engine houses spinning yarns and pulling away at the little paper wrapped "pills," as they are called, are seen no more. Stained fingers where the lung-destroying smokers are held, are disappearing and already there is a reformation shown among the fire laddies that apparently is telling.

The cigarette smoking order is not all. Chief Cook has also decreed that no member of the fire department while on duty and in uniform shall be allowed to smoke on the streets or in any public place or in going to or from a fire. Pipes and cigars are permitted inside the engine houses or in the dormitories where the men are not subjected to the gaze of a criticizing public.

BROOKLYN TEACHERS RECOVER BACK PAY

Decision of Supreme Court Affects 3334
Educators in Brooklyn Schools.

New York, Oct. 17.—Judge Gaynor, in the supreme court, Brooklyn, yesterday gave judgment to 3334 Brooklyn school teachers in a suit they had brought against the board of education and New York City to recover back salaries due under what is known as the Pettingill schedule.

A sum approximating \$200,000 is involved in the litigation. The sum sued for was granted just before the Greater New York consolidation and the hitch in the payment resulted in the merging of the borough boards.

BELONGED TO GANG

Victim of Brush Alleged to Be a
Hardened Criminal.

KNOWN ON TWO CONTINENTS

San Francisco Police Believe Man Giving
the Name of William Ellis Is William
Lee a Notorious Australian Crook and
a Pal of William Brush.

San Francisco Oct. 17.—The police of San Francisco have learned that "William Ellis," who claims that he was murdered last Wednesday night by "William Brush," better known to the police as Milton Franklin Andrews, and a woman in Berkeley, is William Lee, a notorious Australian crook, and he has been a pal in criminal work of the man who tried to kill him.

James Kelly, the man who was killed by Policeman Lestrangle in Berkeley on September 28, belonged to the same gang. The four who gave battle to Policeman Lestrangle in the early morning hour were Lee, Andrews, Kelly and a man known to the police circles as Casey.

The quartet that encountered the brave policeman was as desperate a band of criminals as roams the world. They have been hunted by the police of Australia and this country for various crimes, ranging from arson to murder. They were known as the "Howard gang."

A small fortune in jewelry which these crooks stole in Australia has been located in Oakland pawnshops. The Oakland police and the police of San Francisco have been in communication with the Australian police for several days and detectives from that country will start for here as soon as possible. The police believe that Andrews and Casey are in hiding in this city.

The trouble between Andrews and Lee was over the division of the Australian spoils.

The woman is an unfortunate who is infatuated with Andrews and the police do not think that she took any part in the attempted murder of Lee. It was a murderous duel over their loot that resulted in one thief receiving what may prove death wounds.

TWO MEN FIGHT DUEL

Exciting Encounter on the Streets of Bullfrog.

ONE MAN IS SHOT TO DEATH

A. J. Jodoin Shoots and Kills "Bob"
Arnold, a Prospector, After the Lat-
ter Had Fired First Shot—Duel Is Re-
sult of Quarrel Over a Triviality.

Bullfrog, Oct. 17.—In a street duel this afternoon A. J. Jodoin, a Frenchman, shot and almost instantly killed "Bob" Arnold, a prospector originally of Madisonville, Ky., but recently of Salt Lake and Denver. The trouble arose over a trifling remark made by Jodoin last night at which Arnold took offense and drew his gun and struck Jodoin a severe blow on the head, making an ugly cut.

Today as Jodoin was leaving a saloon Arnold began shooting. Jodoin turned, pulled out his revolver and taking deliberate aim, pulled the trigger. His revolver missed fire four times, but the fifth attempt was successful and Arnold fell, shot through the abdomen. He died thirty minutes later.

Jodoin surrendered and is in jail waiting the verdict of the coroner's jury, now being empaneled. This is the first killing in Bullfrog.
